

Isn't the Master's Academy Pretty Expensive?

Ounce per ounce MAFA is still the best bargain in town. From the annual tuition, students pay less than \$20 per class day or \$7.00 per hour. The registration fee works out to be about \$1.50 per class hour..... not bad for all of the art projects that come out of those classes! We hope that you can appreciate our efforts to keep the costs at a minimum and your money at a premium!
